

Audubon Christmas Bird Count

Mark Twain Lake Circle

Photo by Dennis Foss

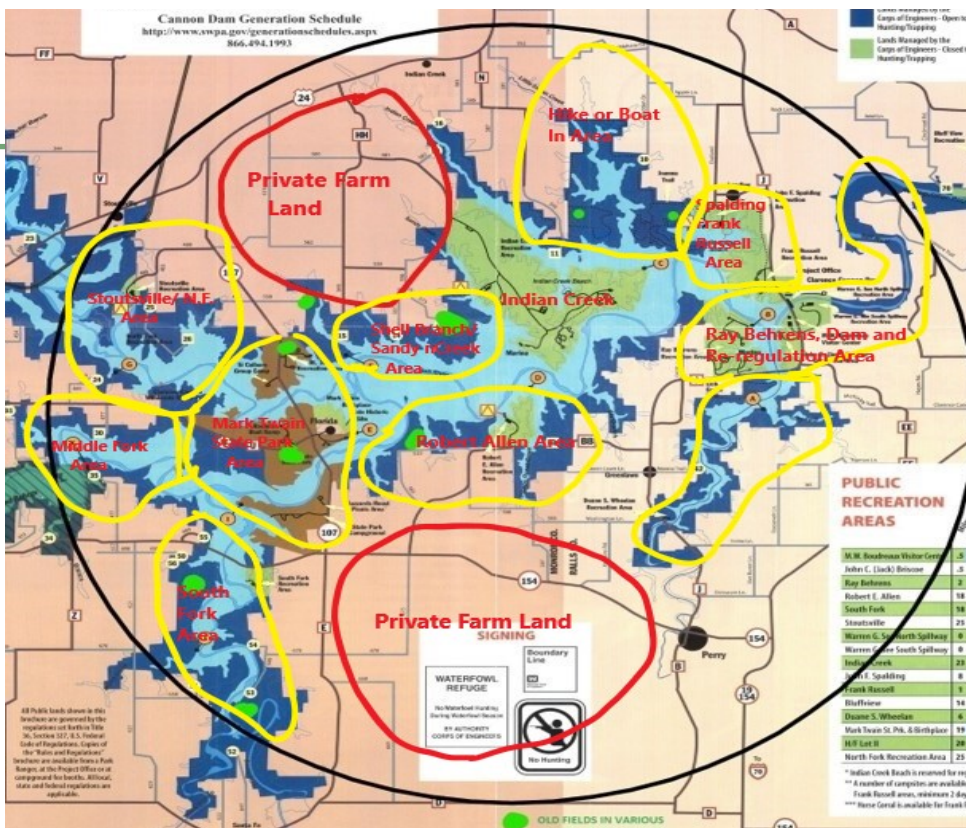

The Audubon Christmas Bird Count (CBC) takes place December – January each year. The Mississippi Hills Chapter of Missouri Master Naturalists hosts a count at Mark Twain Lake.

The Public is invited to attend!

We usually gather at 8 am on the Saturday before Christmas at the Frank Russell Archery Park which is located off of Highway J approximately one mile north of Clarence Cannon Dam.

More information will be posted on our website next December as we get closer to the CBC dates. For information and history on the Christmas Bird Count, please visit the Audubon site—
